Light signal practice was held on Bosson Field yesterday. The players of the Short-ridge eleven wished to be in the best possib'e shape for their game with the alumni to-day. Captain Clark made the following statement to-night: "I learned with great surprise that the members of the alumni have been practicing by moonlight for the past week. Neither myself nor the members of the Shortridge eleven are expecting a walkaway, but will be prepared to play a

He Will Be Used in Shortridge Line Against M. T. H. S.

No spectators will be allowed on Bosson Field to witness the practice of the Shortridge football team after to-day. This was the edict issued last night by Captain Haslep Clark, and it will be rigidly enforced.

Captain Clark has selected a squad of twenty-two players who will report for practice on Monday afternoon, and no others will be allowed on the gridiron. Signal practice and light scrimmages will be the order during practice hours next week. The players are in fairly good shape, and will te ready to play the game of their lives on next Thursday, when the Shortridge and Manual Training High School teams meet at Washington Park in their annual battle. Those who have been selected by Captain Clark to report for practice the first three days of next week are as follows: Shank, Connor, Payne, Buser, Aronson, Gipe, Johnson, McKinney, Schoen, Allerdice, Lieber, leathers, De War, Eaton, Morgan, R. Dean, Donaker, Doudican, Holloway, P. Weer, Patton and Captain Clark, Randal Dean, The is one of the twenty-two, is a cousin of the famous Dean brothers, who have assisted in landing more than one victory in athletics for the North Side school. Dean has developed into a drop kicker. Drop kicks for goal from the thirty and thirty-five-yard lines were easy for him. Connor's place kicking was also a feature of the

Frank Doudican will play left tackle against the M. T. H. S. eleven next Thursday. Doudican is one of the best men who ever played that position for Shortridge, and Captain Clark's determination to give him a trial will be of great help in landing a victory for the Shortridge school.

M. T. H. S. AT DANVILLE.

Game-No Post-Season Games.

The Manual Training High School football team will meet the Danville High School eleven at Danville this afternoon. A victory for the Biacksmiths is very prob abie, as the Danville eleven is lighter than the Blacksmiths.

The team held secret practice in the Battery A armory again yesterday. The players have now realized that they must play wonderful football to defeat Shortridge on Thanksgiving day, and are working hard to 1. Only two horses started in the three-with this end in view. Few of the players year-old event, which Merry England won are bruised, and the team as a whole is

Captain Saunderson announced last night that the Manual Training High School even would not play any post-season games. High schools throughout the State have tried to arrange games to be played after the close of the regular season, but the South Side eleven will disband after the game with Shortridge.

"Microbes" Will Witness Game.

The Microbes, a club of former Manual Training High School lads, will view the M. T. H. S.-S. H. S. game at Washington Park next Thursday from a brake which will be driven on the field. The club will take dinenr at the Columbia Club after the contest and will attend a theater party at the Grand at night. The guests of honor will be Messrs, Reible and John Miller, who were secured by the Microbes to coach the M. T. H. S. football team.

League Officials Will Meet to Take Action Against Rough Players.

Special to the Indianapolis Journal. ANDERSON, Ind., Nov. 20 .- Mort Norton, president of the Western Polo League, stated to-night that a meeting of the league directors would be called within a few days to take action on the rough tactics used by some of the teams, especially the Richmond aggregation. President Norton said that the rowdy playing of some of the teams damaged the league last year and it is the intention of the league officials to put a stop to the rough tactics before the game is injured this season. It is believed here that the Richmond players play roughly with the approval of M. C. Henley, owner of that club. During the first game in Andreson between Rich-mond and the Anderson team Mr. Henley sat in the box with the local newspaper men. Doherty roughed it with Mercer and Henley turned to one of the newspaper men and remarked: "Did you se how Do-

Special to the Indianapolis Journal. MUNCIE, Ind., Nov. 20 .- A polo league is being formed in the local High School, each class having a team. The league was in existence last year and a number of fast players were developed. The High-School students take more interest in polo than they do in football or baseball. A High School team will be chosen to play games with a team of the Fort Wayne High School in a short time. The date has not been set.

Labor Leaders Grow Conservative. Bonds and Mortgages.

The tendency of labor leaders is to give conciliatory advice, and wisely so. A sample suffices to show that the Nation is forthe trades union movement. President Jas. at the official valuation of the haikwan tae O'Connell, of the International Machinists, in 1902 would make the total value in United has issued a circular to the various local States currency \$3,854,920. unions in that trade in which the wisdom of co-operation with employers in cutting down expenses is emphasized as follows: "Wage reductions are threatened in various quarters, and prospects are not particularly bright for employment during the winter months. While the machine shops of the country, according to latest reports, have a good supply of orders on their books, there is an uncertainty, and the members are advised to arrange all differences by arbitration." The suggestions contained in this brief statement are worthy the thoughtful consideration of all men who represent organized labor, for their responsibility is very great. It is no time for strife.

What We Sell to Manchuria.

Harper's Weekly. The trade of the United States with Manchuria, China, shows no perceptible change in 1902 as compared with 1901. Figures just complied by the Department of Commerce and Labor show that the total imports into the port of Newchwang, the principal door-way through which Manchuria is at present supplied, amounted in 1902 to eighteen million haikwan taels in value, against seventeen millions in 1901, and eight millions in 1900. The official report of the Chinese government does not specify all classes of merchandise received into Newchwang from the United States, but does specify the four principal articles-American jeans drills, sheetings and kerosene. The total value of these four articles of American production reported as brought into Newchwang in 1902, either coming direct from the United States or from other ports o tunate in having such men connected with China, was 6,118,920 haikwan taels, which

Mr. Edison's Invention.

It is now announced that Mr. Edison's new "charging-machine," as he calls his perfected battery, will at first cost \$456; but a reduction in price is promised. It is claimed that this battery will run your automobile, light your house, cook your meals, and do almost any other odd jobs of a motive order that you like to impose on it. Some details of the battery have just been made public. The cells are oblong in shape, 14 inches high, 5 inches wide, and 31/2 inches thick. They weigh a fraction over 14 pounds each, and three of them represent one horse-power. These cells fit the body of a vehicle, side by side, and are connected by insulator wires. There is no leakage or deterioration in the batteries. They are made of nickel and iron oxider
